

Give your movies and presentations the “big screen treatment”

Introducing the 57" NEC MultiSync LCD5710

Don't leave your digital content understated. Make it roar with the NEC MultiSync LCD5710. Its massive screen envelops your visual experience with crisp detail (supports 1080p high-definition), vivid colors and amazing brightness and contrast. The largest professional LCD available to date, this model boasts the Digital Signage Technology Suite (DSTS), 20+ advanced features that enhance display management, improve screen performance and lower total cost of ownership.
