

Product Update

Boston®-Brand Synthetic Vinyl Gloves

15 June 2009 - Boston Medical Corporation announces the following changes to Boston® vinyl gloves:

- **New Compact and More Eco-Friendly Packaging**

Boston® brand vinyl glove boxes have been redesigned in a more compact form to minimize packaging waste while ensuring product protection during transit and storage.

- **Improved Strength and Flexibility**

Boston vinyl gloves are now stronger and more flexible than ever before.

- **Reduced PVC Odor**

Boston vinyl gloves use a selected formula that minimizes strong smells of PVC-based material.

- **Change in Certification Status (Powdered Vinyl Gloves ONLY)**

Based on customer demand and changing market conditions, Boston will no longer seek FDA inspection for powdered vinyl gloves but will continue to meet or exceed OSHA requirements for non-medical protection applications. **Boston Powdered Vinyl Gloves are manufactured using the same production lines as the Boston Powder-Free Vinyl Exam Gloves and will continue to be the highest quality available.** *Customers utilizing powdered vinyl gloves for medical applications only are encouraged to switch to Boston® powder-free synthetic vinyl exam gloves, as powdered gloves have generally become less-tolerable in medical settings.*

- **New Item Numbers for Powdered Vinyl Gloves ONLY**

For improved distinction, Boston's powdered vinyl gloves are now in an orange box with these item number changes:

| Boston Powdered Vinyl Gloves | Old Item Number | New Item Number |
|------------------------------|-----------------|-----------------|
| Small | 2211 | 2211S |
| Medium | 2212 | 2212M |
| Large | 2213 | 2213L |
| Extra Large | 2214 | 2214X |

- **Improved Shipping Rates!**

Boston now offers a fixed shipping rate and free one-way shipping for volume purchases:

| Shipping Rates (to the 48 adjacent United States) | Per Case |
|---|---------------------|
| 1 - 10 Cases (Phone, Fax, Email) | \$ 8.90 |
| 1 - 10 Cases (Online at http://ezBoston.com) | \$ 8. ⁰⁰ |
| 11 or More Cases | FREE! |

Online \$5 per-case purchasing discount still applies, so order online to maximize savings!
