

## SG-H25 SMOKE GENERATOR

This high performance heavy-duty SG-H25 Smoke Generator is uniquely designed to meet the rigorous demands of fire and safety training use: a high-capacity 2.5 Gallon tank offers non-stop fluid for your use. A rectangular, durable sleek housing design makes the SG-H25 easy to carry and be able to stand with tough transport. Due to its enhanced heat reservation structure, it reduces electricity consumption for about 20 ~ 25% yet producing more powerful smoke. It is the most powerful single heater-block fog machine available on the market.
