

## Instructions for KC-640

### **Video Mode:**

Press the on/off button until the yellow indicator light comes on

Then press the record button until the yellow light flashes three times

Once the light goes out you are recording

To stop the recording press the record button again until the yellow light comes on

To turn off press the on/off button until light goes off

### **Camera Mode:**

Press the on/off button until the yellow indicator light comes on

Briefly press the record button

A yellow light will blink once then take a picture

Repeat until done with pictures

### **Indicator Light Meanings:**

Please charge the unit until the yellow light goes off

If the yellow light remains on the memory is full

The yellow light will flash slowly when the battery is low
