800 283 7107 or 417 682 5551 www.hayspear.com

**Hitch receiver
clamp available w/
lifting ring too**

800, 2000, 4000, and 6000lb capacity Payne's Forks

800 lb Stabilizer - Adjustable from 18" to 24". 2000/4000/6000 lb Stabilizer - Adjustable from 24" up to 46" wide for a more stable and secure load. No more shifting of your forks

48, 60 and 72-inch length makes cleaning up debris from storms or just general clean up a breeze, by adding additional loader capacity on any size machine. Debris weighs a lot less than solids, so your machine will be able to lift much more. 48" adds 26" and 800 lb lift capacity, 60" adds 32" and 1500 lb lift capacity, and 72" adds 38" of work area and 2500 lb lift capacity to your bucket.
