

HL-S4666W

46" Widescreen DLP® HDTV with 720p Resolution

Shown with optional stand (TR4246S)

Featuring our compact lightweight “floating screen” design, Samsung’s 46” Widescreen DLP® TV delivers an astounding HDTV experience. Samsung, the recognized leader in DLP technology, created the breakthrough Cinema Smooth™ light engine that produces razor-sharp pictures in 720p. The natural, vivid colors of Samsung’s HL-S4666W are achieved through our advanced Brilliant Color™ technology with a faster color wheel. A contrast ratio of up to 2500:1 captures blacker blacks and crisper whites and images. And the ultra-fast DLP chip results in the fastest video performance of any HDTV. Best yet, Samsung’s superior technology ensures no image burn-in for a reliable, long-lasting picture.

TV/Video

- DLP® TV by Samsung
- “Floating screen” compact, lightweight design—fits where others won’t™
- Built-in analog/digital tuner (NTSC/ATSC)
- Samsung Cinema Smooth™ 720p light engine
