Good Timber

The tree that never had to fight
For sun and sky and air and light,
But stood out in the open plain
And always got its share of rain,
Never became a forest king
But lived and died a scrubby thing.

The man who never had to toil
To gain and farm his patch of soil,
Who never had to win his share
Of sun and sky and light and air,
Never became a manly man
But lived and died as he began.

Good timber does not grow with ease,
The stronger wind, the stronger trees,
The further sky, the greater length,
The more the storm the more the strength.
By sun and cold, by rain and snow,
In trees and men good timbers grow.

Where thickest lies the forest growth
We find the patriarchs of both.
And they hold counsel with the stars
Whose broken branches show the scars
Of many winds and much of strife.
This is the common law of life.

Douglas Malloch as quoted in Sterling W. Sill,
Making the Most of Yourself
(Salt Lake City: Bookcraft, 1971, p. 23)

THE CUSTOM BED

This beautiful log bed is one of The GOODTIMBER's best sellers because of its extraordinary value. Best known for its price, the quality and workmanship of this beautiful bed are still its most admirable features. Its construction is all mortise and tenon. The logs are hand-peeled by one of man's oldest, finest, and most versatile tools, the drawknife. Constructed for life, this log bed has value, strength, and character.

MAJESTIC ASPEN

The Majestic Aspen is our Best Selling Exotic Bed. It comes with all the upgrades including rungs between the double side rails on each side of the bed and dowels, giving the illusion that the bed rails extend through the posts and out the other side. This bed truly is Majestic.
