

Traction HOG

Slip Resistant Mats

FEATURES & BENEFITS

- Functional bi-level diamond pattern with slip resistant silicon carbide coating for maximum performance - Coefficient of Friction .78.
- Built-in gutters keep liquids away from traction surface.
- Low profile border design eliminates the need for costly ramping.
- Durable heavy-duty construction for extended product life.
- Constructed of 100% Nitrile rubber for superior grease and heat resistance.
- Unique disk pattern back minimizes risk of hydroplaning in wet areas.
- Available in drainable and non-drainable versions in 3 x 5 and 3 x 10 sizes.
- Heavy enough to stay in place, yet light enough for ease of handling and cleaning.
- Applications include: cooking areas, dishwashing areas, wet and slippery manufacturing areas, walk-in coolers and freezers, and any other area that requires a slip resistant surface.
- Anti-Static with an electrical resistance rating of 10^8 ohms.
